

Are you looking for new, exciting, and unique ideas to offer as tee gifts for your member events next year? SuperSpeed Golf has a large portfolio of products that will make your events stand out and offer great value to your membership. We are committed to making the process of purchasing our products as easy as possible.

Sales Terms – We will offer 30-day payment terms on all tournament gift orders. Unused product may be returned to SuperSpeed for credit after the date of your event. You may also choose to keep additional inventory for sale at your facility. All participating accounts will automatically qualify for our Level 2 retail pricing after the tournament for follow-up sales.

SuperSpeed Golf Training System – The original 3-club Overspeed training system that has taken the golf industry by storm and helped nearly 200,000 golfers increase their swing speed. Players receive the set of training clubs and access to all of our online training content.

Tournament Gift Special Pricing	\$138/set
MSRP	\$229.99/set

Notes – We will also offer the ability to purchase a combo of men’s sets, senior sets, or women’s sets for your event. If you need to swap any of these sets after the event, we can accommodate with red club/yellow club swaps for only the cost of shipping.

PRGR Launch Monitor – An affordable personal launch monitor system, the PRGR has become the industry leader of consumer launch monitor solutions. The PRGR measures Club Speed, Ball Speed, Smash Factor, Carry Distance, and Total Distance. The PRGR will also measure club speed with or without hitting a golf ball, making it a great feedback mechanism for a speed training or practice session. The PRGR is extremely accurate even when compared to much more expensive radar launch monitors. This is a piece of technology is something every golfer should own!

SuperSpeed C Training Club – Launched in 2019, the SuperSpeed C brings counterweight training into the fold for speed training. The C Club is significantly counterweighted to product faster hand and arm speed in the golf swing. Connected with its own unique training protocols, the C Club works well as an independent speed training system or in conjunction with our original 3-club speed training system.

Tournament Gift Special Pricing	\$55
MSRP	\$99.99

Shipping – We will ship all product in the continental US from our warehouse in Batavia, IL. All products are in stock and ready to leave within 48 hours. We will set up a desired arrival date for all tournament orders and ship at your preferred method of UPS or Freight service.

Day of Event Services – If desired, we will offer an onsite member of the SuperSpeed team to conduct a short clinic before the first day of your event. During this clinic we will discuss the process of speed training, our training protocols, and assist the players with best practices in using our SuperSpeed Golf products to warm-up before their round. This service requires a minimum order of 100 SuperSpeed Sets, PRGR radars, or SuperSpeed C Clubs.
